### **Product Recall Announcement & Emergency Box Inventory Update**

### **Immediate Action Required – Product Recall Announcement**

CTFB is notifying Partners of a nationwide Product Recall. This recall is due to a possible Listeria contamination of *Whole Food Red Lentil Dal* as of 4/21/22. Read official USDA announcement and product detail [here](#).

CTFB has not purchased affected items therefore it was not available on the shopping list, however, it's possible these items could have been a part of food received through Agency Retail Pick-up or as a part of other donations.

Please locate and dispose of any of the potentially affected products (**Whole Foods Red Lentil Dal – click on link above for more information on affected USE BY dates, etc.**) still in your agencies possession.

If you have any questions, please contact us at [agencies@centraltexasfoodbank.org](mailto:agencies@centraltexasfoodbank.org).

## Emergency Box Inventory Update

Due to inventory fluctuations, the current disaster box (DBOX2022-1A) has been removed from the shopping list. We have placed a new box (DUBOX-24) on the shopping list for ordering effective 4/25/22. We hope to have DBOX2022-1A on the shopping list the second week of May in addition to DUBOX-24.

PLEASE NOTE: This box contains rice which must be stored in refrigeration May-September. Therefore these boxes should be distributed the same day of receiving or stored in refrigerators. Only TEFAP approved Partner Agencies will be able to order these boxes. Please continue to only order what you need to support your distributions.

Contents of the new DUBOX-24 include (all items are USDA):
