

Partner Agency Announcement

INCLEMENT WEATHER UPDATE

Attention Partners: The Food Bank is currently without power or access to email. We are working with local officials to restore power to the building as soon as possible.

We will move forward with pick-up and delivery of orders that have been placed for Friday 2/3. We plan to also delivery Wednesday 2/1 and Thursday 2/2 on Saturday or the following Monday.

We anticipate having extra perishable product due to a surplus in donated product. We need your support with receiving healthy, fresh produce for community members. If you would like to receive an additional delivery, please fill out [this form](#).

If you are in urgent need of a food order, please text Network Services Director, Kara Hedlund at (737) 212-4035. Please text this number if you're agency is closed due to the weather.
